7 FEB 1986

MEMORANDUM FOR: Director of Security

FROM:

Director of Training and Education

SUBJECT: Executive Leadership Forum

1. I want to express my appreciation for the important contribution your office made to the first three runnings of the Executive Leadership Forum.

2. During the course of the week, a number of topics are discussed, such as executive leadership, derailment, and lessons learned. It is important that this information be applied to live Agency situations in order that the participants appreciate its relevancy.

3. To that end, participants form self-management work teams which address a current, Agency-wide problem as a final exercise. The problem selected for the exercise was that of generating an Agency-wide policy on implementing personal security guidelines. The background was presented by Deputy Director for Personnel Security & Investigations, who did an outstanding job. Please convey our gratitude for the time and effort he devoted to this endeavor. The students' proposed regulation changes and action plans will be forwarded to your office.
